

# Emotional Intelligence and Service Ability Among Mental Health Professionals Study

Be a part of an important Online Research Study

- Are you between the ages of 24-65?
- Do you hold a bachelor's degree in any human service area (i.e. sociology, criminology, nursing, psychology, psychiatry, social work, etc.)?
- Do you work within any arena of mental health (Department of Social Services, Dept. of Health and Human Services, Mental Health Agencies, Behavioral Health Agencies, Autism Society, etc.)?

If you answered YES to these questions you are **eligible** to participate in a research study.

The role of this study is to determine what is the specific connection (s) between emotional intelligence (EI) and service ability among the mental health professional (MHP).

Benefits for participating in this study include registration in a drawing to receive a \$50 gift certificate.

Each qualifying participant will be asked to complete 2 surveys lasting approximately 15 minutes (total) online.

**To participate in both online surveys, please email:**
